

THE UNIVERSITY OF MICHIGAN  
REGENTS COMMUNICATION

ACTION REQUEST

Subject: Naming of Engineering Facility

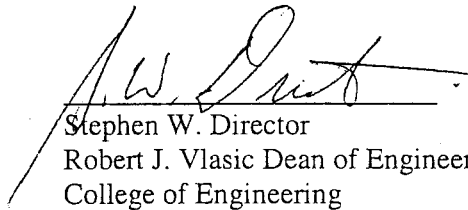

Action

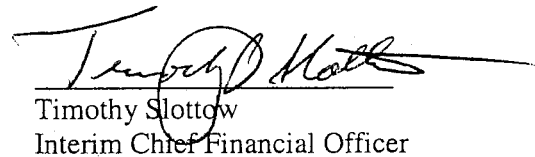

Requested: Authorization to Name Facility in Honor of Carl A. Gerstacker

Background:

At the March 2002 meeting the Regents authorized identification of the Institute of Science and Technology High Bay Building and its new wing as one entity named in honor of Carl and Esther Gerstacker. The Trustees of the Rollin M. Gerstacker Foundation, which provided gift funding for the naming recognition, have now requested the building carry the name of Carl A. Gerstacker alone. It is recommended that the Regents amend the official naming to be the Carl A. Gerstacker Building.

Respectfully submitted,

  
Stephen W. Director  
Robert J. Vlasic Dean of Engineering  
College of Engineering

  
Timothy Slottow  
Interim Chief Financial Officer

July 2002
