

### Project Goals

- Increase students and visitors ease of access to activities and services.
- Enhance Entry/Atrium
- Invite students and visitors into the building from both entrances
- Create touch points that help students know where to go through the building
- Invite exploration of the building.
- Create a direct line of sight from the Jefferson Street entrance to the Atrium.
- Create a corridor from the Atrium towards the Woodshop.
- Make the first floor and Maize and Blue Room more appealing to visitors.
